While the material purchase will be according to the contract prices, terms and conditions, the charges for services provided by the local contractor are non-contract (open market).

NOTE: See below PAYMENTS section for credit and payment policies. The contract users must instruct their contractor/dealer/agent purchasing on their behalf that the contract name identification must be noted on purchase orders. Interface can provide a list of dealer partner installers. However, the customer has the responsibility to choose the installation contractor. Labor rates through dealer contractors may vary and will be quoted on a job-by-job basis.

All purchases through InterfaceSERVICES or a local contractor will include an additional charge on a separate line up to 20% of the modular carpet, carpet adhesive and VCT product pricing as a non-contract (open market) procurement management fee (on material only).
