

The 29th Annual EPC Educational Vendor Fair

Wednesday, August 1st, 2018

Wright State University Nutter Center

Please join us for this free seminar

Safety & Security: STANDARDS FOR THE 21ST CENTURY SAFE SCHOOL
Conducted By Mike Siskowski

A presentation that highlights the best practices and comprehensive solutions for today's classroom. While there are no guarantees when it comes to preventing school shootings or acts of terrorism, we know for certain that evidence based school safety training is the single most important component of a comprehensive school safety plan. Proper training will empower faculty and staff to make the right decisions during a crisis and overcome gaps in their school safety and security plan. Register for this seminar to help you gain a better understanding of safety and security for your school or organization.

Target Group: Classroom Teachers, Administrators, Facilities & Maintenance Supervisors, Safety Directors, and Superintendents.

Certificates will be given to those that attend so you may submit on your own for CEU's

You are invited to also attend the EPC Vendor Fair on the 1st floor. Go to the show floor and visit educational vendor booths, sample new items and more. Prize drawings throughout the day. This event and seminar is free. No charge to attend and free parking.

This seminar is free to attend through your school district's membership with the Southwestern Ohio Educational Purchasing Council (EPC). **Please go to www.epcschools.org/VendorFair.html to register.** We will provide participation certificates to those that provide their information and attend the seminar.
