Instruction & Intervention: BUILDING & STRENGTHENING STUDENT'S ACADEMIC VOCABULARY THROUGH DIRECT INSTRUCTION

Conducted By Gary McComb

Wordly Wise 3000 and Wordly Wise i300 provides direct academic vocabulary instruction to develop the critical link between vocabulary and reading comprehension. Robust activities, peer sharing, and differentiated instruction meet the needs of varying student populations – empowering students to have successful encounters with grade-level vocabulary.

Wordly Wise 3000 and Wordly Wise i300 both focus on improving students' vocabulary by furthering their understanding of new words, and concepts as well as strengthening their independent vocabulary acquisition skills.

The vocabulary found in the Wordly Wise products are words commonly encountered in grade-level literature, content-area text and state & national assessments.
