

**PROUDLY
SERVING EDUCATORS**
FOR OVER **75** YEARS

AN EXPANSIVE PRODUCT OFFERING

For over 75 years, Nasco has been committed to providing you with classroom materials. We have more than 96,000 products in over 20 catalogs. If you can't find what you are looking for – call us! If you have an idea for a new product – let us know!

EASY ORDERING

We appreciate your business and want your ordering experience to be fast and easy. There are many ways to buy from Nasco! Pick the one you prefer. For personal contact, call and talk with one of our friendly phone reps at 1.800.558.9595. Prefer to shop online? Check out eNasco.com. You can also fax and email. We interface with several e-procurement systems and would be happy to help you set Nasco up as a vendor.

LET US DO THE MATH

Ask for a discount quotation for your school. Remember, a competitor's bigger discount doesn't mean you are getting a lower price. Check the final dollar amount before making a decision. Nasco has free shipping opportunities and additional discounts for large orders. Let us apply your discounts and provide you with a delivered price. You will find Nasco's prices to be competitive.

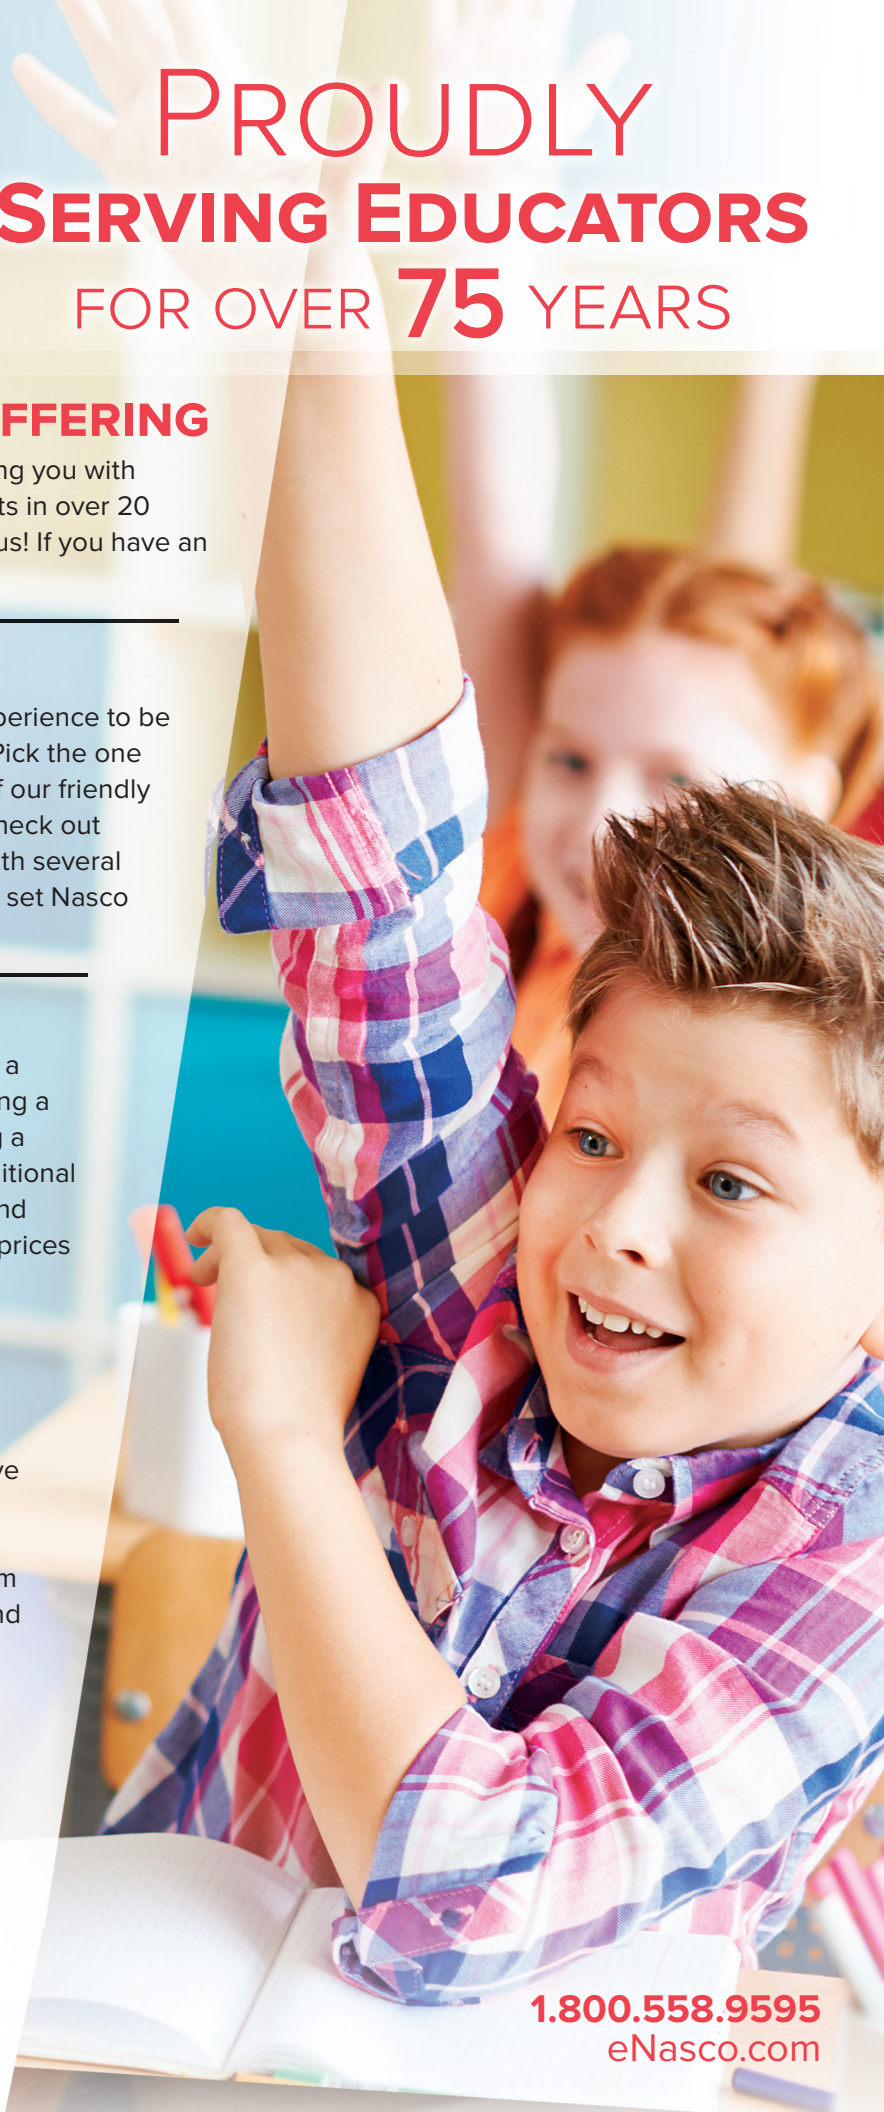

CUSTOM KITS

We understand that your schedules are busy and your budget dollars are tight. Sometimes it's just easier to have all the materials for a unit or lesson packaged together in one box without tons of extra supplies left over at the end. Whether it be for summer camps or STEM curriculum integration, ordering just what you need saves money and our custom kit staff are experts at building kits tailored specifically to your needs.

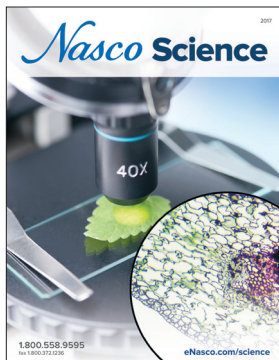

RELIABLE RESOURCE

Nasco is a group of dedicated people committed to getting you what you need...when you need it! We are knowledgeable in our educational areas and we have access to the experts who supply us products and information. Nasco is always willing to make connections in order to serve you better.
