Customers can place their orders by fax, email, or by original P.O. The contract naming “SW Ohio EPC Contract” must be noted on all SW Ohio EPC Contract purchase orders.

Carpet Only Orders

Material and Installation Orders

- c. **Local contractor-assisted transaction of “material only” or “material and installation”:**

The customer, or its authorized agent, orders material and installation services through a local contractor (dealer) of its choice. Interface will make contract pricing available to the customer’s local contractor who would be responsible for take-offs, logistics and installation. While the material purchase will be according to the contract prices, terms and conditions, the charges for services provided by the local contractor are non-contract (open market).

NOTE: See below PAYMENTS section for credit and payment policies. The contract users must instruct their contractor/dealer/agent purchasing on their behalf that the contract name identification must be noted on purchase orders. Interface can provide a list of dealer partner installers. However, the customer has the responsibility to choose the installation contractor. Labor rates through dealer contractors may vary and will be quoted on a job-by-job basis.

All purchases through InterfaceSERVICES or a local contractor will include an additional charge on a separate line up to 20% of the modular carpet, carpet adhesive and VCT product pricing as a non-contract (open market) procurement management fee (on material only).
