

Special AED Pricing for Ohio Schools

Ohio Council of Educational Purchasing Consortia (OCEPC) discounted AED packages offered exclusively through LifeServers, Inc.

Do you need to upgrade or expand your AED program?

AED Discount Pricing has been extended through March 31, 2018

Cost is 10% below State Pricing

- 90% of Emergency EMS in Ohio uses the Physio Control brand
- Fully Automated – No shock button to press!
- Escalating energy to 360 joules – same as Ohio EMS & Hospitals use
- Lowest cost to maintain with replacement batteries and electrodes
- Longest Warranty in the industry
- Trade-In of current LifePak 500 and other devices accepted
- No taxes or shipping costs
- Price includes delivery and in-service training

“Using LifeServers we were able to standardize our AED program with the LifePak CR Plus. As a result, managing multiple devices in 12 buildings is no longer a daunting task. We have reduced our ongoing maintenance costs and our devices are compatible with our local fire and E.M.S. LifeServers personnel were on site and personally assisted with installation of our new A.E.D.s making the transition a painless one for the district.”

Bob Yux, Assistant Superintendent/Business Manager, Centerville City Schools
