

## Created to Address the Ever Changing Needs of Our Members

The Southwestern Ohio Education Purchasing Council (EPC) is happy to announce a partnership with Nebula Solutions, Inc. to bring Unified Communications as a Service (UCaaS) options for its members.

As organizations continue migrating services to the cloud, voice is no exception. This has been a challenge for many school districts, as the pricing models used by these providers made this transition difficult.

### About Nebula Solutions

*Nebula Solutions has worked with multiple UCaaS providers over the last year to provide EPC Members with options and special discounting to address this challenge.*

*Nebula Solutions works with districts to determine their individual needs and design the solution to fit these needs.*

*Nebula Solutions will have each of these providers generate a quote to include the special EPC discounts.*

*Lastly, Nebula Solutions provides support to assist with the transition.*

### More Info Coming

*Please keep an eye out for communications via email from Nebula Solutions introducing some of these providers over the next few days and weeks.*

### Contact Info

***If you would like to speak with a Nebula Solutions representative to get more details please call 937-264-8112 or email [epc@nebulasolutionsinc.com](mailto:epc@nebulasolutionsinc.com)***
